Barney Dreyfuss Says Pittsburg Will Come Out O. K.

Assures the Fans That the Pirates Will Be on Deck.

A FOUR CLUB CIRCUIT.

Is Only a Remote Possibility of Such a Case.

Continue Preparations to Train at Hot Springs.

Pittsburg, Feb. 5 .- "There will be buseball in this city next year. Pitts-burg's fine team of last season will be ready to entertain patrons as usual." Thus spoke Colonel Barney Dreyfuss, president of the Pittsburg team, on his return today.

"Do not be alarmed over the situation, no matter how dark it may look. There is no cause for worry on the part of Pitisburg patrons. The champion club will be at Exposition park, and will meet foes worthy of giving them a fine contest. As to the opposition clubs, of course, I can not say just now, but there are liable to be many changes ere the time for the clang of the bell ar-

"What about the four-club idea?"
"Well, if the worst comes to the worst, and a split develops, then the men in the National league who are opposed to the trust schemers will go along with four clubs, but I do not think that the case will reach such straits. The four-club idea is only a possibility, and a remote one, at that. "The legal situation is simply as follows: Mr. Spalding's attorney filed a demurrer in the injunction suit, and the Freedman-Brush side has a certain period to file an answer. This may come during the present month, and then the baseball men will know the outcome of the legal battle. I do not think that the affair will go into March. What about the four-club idea?"

"We are going ahead with our preparations for the trip to the boss training grounds at Hot Springs, and are not alarmed at the outlook that delay may wade into the playing season."
Colonel Dreyfuss, in answering to the assertion that the National league faction led by Spalding had been negotiating with the American league, said:
"For my part. I have not been talking with any officials of the rival organization. I was in Chieago, and, in order to avoid any possible surmise as to the object of my trip, I did not go to see Mr. Johnson, president of the American league.

All are enjoying the best of health, and say that they are eager to be in the old town and play ball for the stanch patrons. Colonel Harry Pulliam leaves Winter Park, Fla., for the north at noon today, and ought to be here by Wednesday."

Mr. Spalding is in San Diego, Cal., and simply waiting on the result of the legal battle.

AN INDIAN BOXER

Fights With the Gloves, and is a Clever Bag Puncher.

York, Feb. 5 .- "Kid Whirlwind," New York, Feb. 5.—"Kid Whirlwind," a full-blooded Indian from the Indian Territory, is the latest acquisition to the fighting fraternity in this city. The red boy came here with the intention of assisting Terry McGovern in his preparation for the coming mill with Dave Sullivan or to secure a match with some good feather weight. The injury to McGovern's nose, however, prevented the redskin from showing New Yorkers just how clever he is with the padded gloves. "Kid Whirlwind," or Wha-Ket-Zee-Chue-Zu-Me. is certainly a class A bag puncher. His handling of the bag is clean cut and his intricate moveclean cut and his intricate movements exceptionally clever. Like all of his blood, exercise arouses him to a high sense of excitement. When in action his eyes blaze and his arms move with his eyes blaze and his arms move with lightning rapidity, and the movement of the bag can hardly be followed by the human eye. He is said to fight in the same way, and is well named the Whirlwind. The Kid is an all-around athlete and gymnast of no mean ability. Billy Wood, the owner of the well known gymnasium here which bears his name, has seen the Indian go through many lines of athletics, and proclaims him a marvel. The Whirlwind will go west within a few days to get on a match there.

BALL WAR CONTINUES. Rival Leagues Are Not Complete in the West.

Kansas City, Mo., Feb. 5.-Within two weeks the schedule meetings of both the American association and the Western league are to be held, one in Chicago and the other in Denver. In these two weeks there must be some tall hustling in the way of circuit building, as it is a

rather difficult matter to compile a schedule without a circuit. The American association has but one city in doubt, and this will probably be decided upon within a few days. In Omaha the association has had some trouble in securing a park, and it is almost a certainty that the franchise will be transferred to Louisville. What has been done by President Hickey in this direction has been done quietly and it been done by President Hickey in this direction has been done quietly, and it is rumored that more has been accomplished than the public suspects.

With this one town settled upon President Hickey can put the finishing touches on his schedule, and the new league will be ready to begin business.

President Whitfield still declares that the Western league intends mutting a

President Whitheld still declares that the Western league intends putting a team in Milwaukee, but this is not given in association circles. But Mr. Whitfield says: "What do you suppose we leased a park for?" and there the matter stands. As far as the public knows the Western is no nearer having a circuit completed than it had three weeks ago, when the circuit meeting was held here.

Then there is the new Iowa-Illinois league, which is the air. This league proposes to take in Sloux City and Des Moines, which will cut into Western league territory, as Des Moines was included in the circuit and Sloux City was

a good town to fall back on if others failed. If both these Iowa towns should go into the new league the Western would be left with Kansas City and Milwaukee, Denver, Colorado Springs, Omaha, and St. Joseph.

THREW WEIGHT FAR. John Flansgan Makes a New Record With 56 Pound Plaything.

New York, Feb.5.-In the annual midwinter indoor carnival of athletic sports held by the Knickerbocker Athletic club in Madison Square Garden, John Flangan of the Greater New York Irish athletic association, made a new world's Union Pacific R. R., 525 Kansas ave.

record by throwing the 56-pound weight from a stand a distance of 28 feet, 5 inches, which beats the best previous record of James S. Mitchell by 13 inches. In the intercollegiate relay race at two miles, Columbia's runners carried off the honors, winning in 8: 13 4-5. The 60 yards dash handicap was won by J. E. Peters of the Knickerbocker Athletic club, by three yards in 6 2-5. These were the most important events.

GUARDING HIS NOSE. Terry Afraid of Being Hit on Member by Sullivan.

clincinnati, O., Feb. 5.—For the next week Terry McGovern will spend no little time in practicing tricks to avoid being hit on his nose when he meets Dave Sullivan. He has begun to put into use some of the blocks and guards which he hopes to have perfected long before the time for the fight to take place. All of his sparring partners have been asked to do a great deal of leading for the nose, always, however, in a light manner, and when he sees a blow coming he will try to get out of the way of it. This is not what Terry used to do. There was a time—not so very long ago—when he would take a blow willingly to be able to land one in return.

The fact that McGovern takes such precautions means that he fears a blow on that member and that he will not dare to fight in his old style when he goes into the ring at Louisville on February 22. It seems evident that he proposes to make a defensive fight, something which he has never done before and something which even his admirers doubt he can do. The very fact that McGovern proposes to guard against a blow on the nose will compel him to leave other parts of his body open for punishment, and this fact should greatly increase Sullivan's chances for victory. The fact that McGovern takes such

and should Sullivan land a blow there it might result in his gaining a victory which he could otherwise hardly expect. McGovern has never been considered a clever sparrer, and this he will have to be to protect his nose.

The training party was up bright and early yesterday and, led by Terry, visited the Oakley track, across the road from his training quarters. A walk of several miles was taken, and then Terry repaired to his gymnasium, where the belis and punching bag were used.

Manager Sam Harris received word yesterday that the officials of the Louisville club before which McGovern and Sullivan are to fight, want a conference

ville club before which McGovern and Sullivan are to fight, want a conference with him. Harris left this morning. "The object of my visit to Louisville," said he, "will be to see if it is possible to change the date of the fight. I be-lleve that it would be a good thing to give it February 25 instead of February 22."

Lexington Turf Notes.

Lexington, Ky., Feb. 5,-W. C. Whitney has definitely decided to remove his thoroughbreds to New Jersey. Harry Payne Whitney was here this week and made a short inspection of the stock. He visited both Labelle and Hamburg farms, at the latter place dining with John B. Madden and looking over Ballyhoo Bey. He also spent a day at Labelle with Mr. H. P. Headley. The reasons given were that at Rancocas he and his father would have a better opportunity to see the horses often, and since their horses are their pleasure, they want them close at hand. Young Whitney had been on a trip preparatory to his wedding to Miss Hay.

Parker Turns Vegetarian. Denver, Feb. 5.—Kid Parker has turned vegetarian in his training to fight Billy Armstrong February 12 be-fore the Denver Athletic club, The Kid blames his loss of form which practically retired him from the ring a year ago to the fact that he has always been a meat eater. On his trip to England last year he became a vegetarian, and for six months has touched no meat. "I'll show 'em what I can do to a meat eat-er," he said. "They think I'm foolish, but just watch me." Parker says he is in better condition now than ever be-fore in his life.

He considers her cheap at the price. When Mr. Belmont bought her she was considered dear because of her small size. During the winter, however, she has grown and thickened out wonderfully in Kentucky. John E. Madden saw her a short time ago, and has written Mr. Belmont that she greatly resembles Hamburg, her half brother, at the same age.

Memphis Trotting Dates.

Memphis Trotting Dates.

Memphis, Tenn., Feb. 5—The Memphis Trotting association has claimed October 21-28 as the days on which the next fall meeting will take place. Secretary Murray Howe announces the addition of several new stakes, classes yet to be named, and the length of the meeting will be nine days. George H. Ketchum has notified the local secretary that champion Crescens will make a final effort of the season over the Memphis track to get within the two-minute mark.

Gear Signs Euright.

Wellington, Kan., Feb. 5.—Mills Ebright, the amateur ball player who makes Winfield his home and who has signed to play with Tebeau's American association club of Kansas City, will play second base. In a letter to Dr. E. D. Ebright, his brother, here today, he states that he will fill Captain O'Brien's shoes. Dale Gear secured Ebright's signature, as he formerly played with him in Winfield. The new recruit plays a fast fielding game and is quite a hitter and base runner.

Lawn Tennis Championship.

New York, Feb. 5.—Play for the open lawn tennis indoor championship of the United States will be held in the Seventh regiment armory, in this city, February 19 to 22, inclusive. The tournament will be under the auspices of the United States National Lawn Tennis association. An unusually strong list of players will be engaged.

Steers Are Scarce in Western Part of the State.

to Invade Colorado.

Hutchinson, Feb. 5.-The News says A local stockman said today: "If I could find as many cattle for sale as I can find buyers I could do a big business in commissions." There seems to be a dearth of cattle and an unusual demand for them. A Missouri man who bought a lot of cattle here a few weeks ago has wired to dealers here that he can furnish buyers for all the cattle that can be found in this part of Kansas. The fact is that there is a general demand and the dealers think that it will increase.

Henry Stevens of Peabody bought twenty-six car loads of cattle last October through S. S. Graybill of Hutchinson. The cattle were at Garden City and were sold to be delivered on Feb-ruary 1. Mr. Stevens has just moved the stock to Peabody, and received an offer of \$3,000 margin on them before taking them from Garden City. That amount would have made him a

rice profit but as he had the feed to carry them through on Mr. Stevens concluded that he could do even better by holding them.

Sullivan & Mills, who have fed 1,350 western steers at the Hutchinson stock yards, will ship another lot perhaps some time this week. They have mar-keted about 400 head so far.

ODD FELLOWS AT CHANUTE. Third Congressional District Delegates to Hold a Meeting.

Chanute, Feb. 5.—The largest crowd Chanute has had to entertain for a good while will be here April 26, when it is expected that from one to two thousand Odd Fellows from over the Third congressional district will be the city's guests. The Third district Odd Fellows have an organization and hold meetings annually. Last year this meeting was held at Winfield and this year the committee has chosen Chanute. One of the special features will be an address by Rev. Jeffrey of Winfield, the orator who made the great hit at the Kansas Day banquet club.

Lawrence, Feb. 5.—The members of company H, Twentieth Kansas, held their annual reunion here last night, the anniversary of the outbreak of hostilities in the Philippines. There were 50 members of the company present, and a full complement of company officers was chosen, with A. H. Krause as captain; F. L. Courtney as first lieutenant; H. H. Ainsworth as second lieutenant, and a board of trustees to look after company property. It was hoped that Gen. Fred Funston would be present, but his illness at the hospital in Kansas City prevented. Lieut. Burton Mitchell, his personal aid, was here, however, and spoke to the boys. The meeting was closed with a banquet, at which all the boys recounted some of their army experiences.

Leavenworth, Kan., Feb. 5.—News reached here last night of a wreck on the Leavenworth, Kansas and Western road, about 100 miles from Leavenworth, at Leonardville, in Pottawatomie county. The road on the west end has been blockaded with snow for several days, and while a train was coming in it was thrown off the track by snow and ice, and two cars were turned over. Henry J. Ortman, the mail cierk, was the only person injured. He was badly bruised. The train is still off the track. A wrecking train from this city was not able to get through.

Fire at Herington.

Herington, Feb. 5.—Fire broke out Monday night, destroying Middleton & Taylor Bros.' meat market, Dr.Cooley's office, and badly damaging Tuft's furniture store and the postoffice. The temperature was 10 degrees below zero, and the firemen had hard work keeping the hose from freezing as they worked. Loss about \$3,000, partly insured.

KANSAS' BRIEF

Filed in Supreme Court in Suit Against Colorado.

Washington, Feb. 5 .- The brief of the state of Kansas in the proceedings of that state against the state of Colorado to restrain the latter in the use of water from the Arkansas river has been filed in the United States supreme court. The document covers 150 printed pages. It is claimed that the diversion of the waters of the Arkansas affects 2,500,000 acres of land in Kansas, worth \$50,000,000, and that much of this land is owned by the state litself. It is set forth that it would be impracticable for individual to owners to institute proceedings and It is contended that Colorado, not only as is contended that Colorado, not only as a party in interest, but as the party responsible for the creation of all ditch corporations, is the proper respondent. It is asserted that there is no desire to injure or harass the state of Colorado by the proceeding, but that the only purpose of the suit is to protect the interests of Kansas. On this point the brief says in part:

terests of Kansas. On this point the brief says in part:

"The Arkansas river is in its natural condition a generous stream and insofar as its waters can be used in Colorado for irrigation purposes and then returned to the bed of the river, and insofar as the waters can be diminished in seasons of flood and at other times without injury to ourselves, their taking will not be resisted by us. We wish it understood that we do not ask or expect the destruction of the irrigation ditches heretofore constructed and now pect the destruction of the irrigation ditches heretofore constructed and now used by persons and corporations in Colorado. Doubtless, some restrictions should be placed upon the use of the waters, but it is sought by this proceed-ing merely to prevent the state of Colo-rado from using its vast power and wealth in diverting these waters, and to stop it from granting authority to oth-ers to do so."

presented by the Wellington News, which will probably bring forth a great deal of applause from many sources. The News says:

"There are several scrappers in the Republican party in this state that need to be turned down. There are several factions that must be abolished. There is too much of the Cy Leland crowd, the Burton push, the Topeka gang, Long's machine, the Baker faction, the boss busters, and so forth. A few years ago Mr. Leland had things about as he pleased and no man could be appointed to office unless he was a worshipper at that shrine. Then the outs took up Burton and smashed Leland and his candidate for senator. Burton got in, and now it is just as bad or worse than when Leland was in the saddle. A Republican who does not spend his days and nights trying to concoct plans whereby the Burton crowd may have complete control of the party in the state, is entirely without consideration either for the purpose of filling an office or giving advice as to the welfare of the party When the central committee met last week several men from the northeast. When the central committee met last week several men from the northeast part of the state, who would have voted to have the convention in Topeka if they had consulted the interests of the people they represented, voted for Wichita simply and solely because To-Wichita simply and solely because 10peka took an active part for Burton.
While the man from a county adjoining Sedg wick voted for Topeka because
he is a Burton man and the Leland
fellows were for Wichita. Of course the
News wanted Wichita to have the convention because it is so close to us, but
we rise to inquire when the factions are
going to stand aside for a few brief
moments and let the Republican party
have a chance. They slapped Topeka have a chance. They slapped Topeka all right, but if they get Mr. Balley nominated they will be mighty anxious to get the Republican votes of Shaw-nee county which have been our salvation in several campaigns. If the Bur-ton crowd wins every Leland man will be expected to hustle for the ticket only to be treated as worse than a Pop after the fight is won. There is no more bitterness between opposing parties in the hottest campaign than there is right now between the Burton and Leland factions of our party. It does is right now between the Burton and Leland factions of our party. It does us no good. The question as to who will fill an office with credit to his country and his party gets but little consideration, while the faction a man belongs to is everything. It is our humble judgment that when a man gets in office he should spend his time trying to fill that office. And we believe further than when an office-holder tries, to use the power of his office to control the conventions of his party he should be promptly notified to mind his own business. At this time the Republican party is about the only party worth mentioning, but if the Kansas branch of the party does not take time to spank some of her boisterous children, one of thesa days we will get a good, sound thrashing that will teach us a little sense."

So writes the leading wholesale drug house of the West to the proprietors of Paine's Celery Compound.

In October last a card from Hon. Frank E. Moores, the mayor of that city, was published in the Omaha Bee, in which he told of the great benefit Paine's Celery Compound had been to him. "I regard it," he said, "the most wonderful remedy I have ever tried for building up the system when once run

On account of Mayor Moores' great popularity and well knewn standing. the publication of his card in the Bee instigated the Omaha News, the Bee's principal competitor, to make a canvass of druggists and physicians in that city to find out their experience with this and other remedles. A few days later the News published almost a page of the opinions it had gathered. The physicians and druggists interviewed were absolutely unanimous in saying that, of all prepared remedies, the one that had thousands in every community.

undoubtedly, in their experience, accomplished more than all others in cur-ing disease was Palne's Celery Compound; and about 50 cases in all were mentioned where prominent citizens or members of their families had been cured within a short time by this remedy, of serious ailments resulting from impaired nerves. Among these was the Chief of Police of that city, whose office was in the same building with the Mayor.

The publication of many of these examples of what Paine's Celery Compound had done for others naturally led those who were sick-and in every community there are thousands of people who, having the symptoms of nervous break-down, put off the cure in the vain hope that the nerves will resuscitate themselves-hundreds of those who were sick were thus informed of the one truc emedy for their relief.

Unsought and unexpected letters began to pour into Burlington from people in Omaha, telling of their experiences. Some of these letters were published by permission of the writers.

They all told in different ways the same story-of new strength and vitality, sound sleep, better appetite, and the efurning health.

No other remedy in the world ever so clearly proved all that was claimed for it as this wonderful discovery of America's greatest physician. The number of authenticated cases of complete restoration to health of people of all ages, who were suffering from insomnia, indigestion, rheumatism and other all-ments and weaknesses which are the symptoms of a nervous system deranged by neglect or exposure, or over-work, or over-indulgences, or worry or other influences-the number of such cases is

LONG AND BABCOCK

Call on the President in Relation to Cuban Reciprocity.

Washington, Feb. 5.—Representatives Pabcock and Long, Republican members of the ways and means committee, called on President Roosevelt today and discussed with him Cuban reciprocity. It was stated by a Republican member of the ways and means committee that there was little further doubt that the committee would report some measure of Cuban reciprocity. Another member of the committee expressed the convicof the committee expressed the convic-tion that the rate of reduction would be about 29 or 25 per cent. Other mem-bers are of the opinion that definite conclusions as to the course of the com-

conclusions as to the course of the com-mittee are not yet warranted.

Chairman Payne says there is no ma-terial change in the status of the sub-ject as the hearings recently held have not yet been printed, and these are re-garded as quite important in assisting toward a solution of the question.

Nordica Wants More Rest. San Francisco, Feb. 5.—Madame Lil-lian Nordica, acting on the advice of

her physician will cancel all local dates, rest at least ten days longer and then probably fill her engagement in Portland, Ore. After that it is possible she may return to this city and be heard. This, however, is uncertain. Her condition is not serious, it is stated, but she has not recovered from the shock to her system sustained in a railroad in a rathroad to her system sustained in accident, and requires rest
